COMMUNICATION

Sir:

This communication is submitted in response to the Notice of Non-Compliant Amendment dated October 23, 2001 (hereinafter referred to as the "Notice").

The Notice indicates that the amendment filed on July 23, 2001 (hereinafter referred to as the "Amendment") is considered non-compliant because it has not been submitted in the format required under 37 CFR 1.121. Specifically, the Notice indicates that (1) the Amendment does not include a clean version of the replacement paragraph/section of the specification and (2) the Amendment does not include a clean version of the amended claims.

Applicants did not submit replacement paragraphs as required under 37 CFR 1.121(b)(1)(ii), but instead submitted a substitute specification as allowed under 37 CFR 1.121(b)(3). Applicants also did in fact submit a revised set of claims in clean form along with the substitute specification.

Copies of the substitute specification and the revised claims in clean form, as previously submitted, are enclosed herewith. These are submitted to replace the pages that were previously submitted but were apparently lost.

Respectfully submitted,

David N. Lathrop
